The diagram illustrates the relationship between three source files. At the top is a header file, 'Client/src/Audio/PortAudio.hpp', which is shaded gray. Below it are two source files: 'Client/src/Audio/PortAudio.cpp' on the left and 'Client/src/SoundHandler.cpp' on the right. Blue arrows point from each of these source files up to the header file, indicating that both source files include the header file.
